### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's attorney, **Mr. William E. Hilton** on May 9, 2005.

The application has been amended as follows:

In the Specification:

Page 5, line 21, after "16", insert---**intermediate abrasion resistant surfaces of---**,  
Change "wraps" to "wrap", line 22, after "Figure 2", insert---**providing abrasion resistance and protection of the rope or webbing in the event that a portion of the intermediate abrasion resistant surface becomes exposed due to movement of a portion of the outer abrasion resistant surface away from the rope or webbing---**

Page 9, line 16 after "turns in", insert---**an intermediate abrasion resistant surface of---**.

In the Claims:

Claim 33, page 6, line 18, after “light”, insert---**weight**---, after “that”, delete---**the**---, insert---**an**---, line 19, change “**the inner protector**” to “**an inner protector**”,

Claim 34, page 7, line 14, after “surface”, (first occurrence), insert---**and not adjacent the inner surface**---.

2. The following is an examiner’s statement of reasons for allowance: After a review of the prior art of record and the remarks by Applicant, it is believed that the present invention is novel and non-obvious wherein no reference discloses a protection device including an intermediate section that provides abrasion resistance and protection to the device being protected in the event the first layer of abrasion resistance and protection surface was removed, this intermediate section not being adjacent to the inner surface of protection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
